29.03.20 - 05.04.20

Serendipity Arts Festival is bringing a selection of projects from the last four editions of the annual showcase held in Goa to **Vasant Kunj, New Delhi**.

For **19 in 20** we look towards responding to the history of a site suspended in time - to ask what art does to a site; what does the site do to art? We abandon the comforts of linear time to arrive at new expressions of art.

Join us, it might be *time*.
